SUMMARY

Results-oriented Web Application Developer with 4+ years of experience delivering high-performance e-commerce solutions and enterprise-level websites across APAC. Skilled in WordPress, Shopify, PHP, Liquid, and front-end frameworks, with strong UI/UX understanding and hands-on DevOps exposure. Proven ability to work independently and lead end-to-end implementations — from planning to optimization, analytics, and scaling.

TECHNICAL SKILLS

- **Front-End:** JavaScript, TypeScript, jQuery, VueJS, HTML5, CSS/SASS, Bootstrap, Tailwind, Liquid
- **Back-End:** PHP, Laravel, MySQL
- **CMS / Commerce:** WordPress, WooCommerce, Shopify, Webflow, Drupal, Sanity
- **Tools & Tech:** Git/Bitbucket, Jira, Confluence, Freshdesk, cPanel, Plesk, Docker, Postman
- **CI/CD Tools:** Jenkins, GitHub Actions
- **Testing & Automation:** Playwright, End-to-End Testing, Sanity Testing, Checkout Flow Automation
- **AI Development Tools:** OpenAI Codex, GitHub Copilot, Antigravity, Windsurf, Claude Code
- **Creative:** Photoshop, Figma, Lightroom, Premiere Pro

WORKING EXPERIENCE

● VALIRAM

Associate Developer

Feb 2024 - Present

- Steer the development, campaign execution, feature & UI/UX enhancements, and custom plugins & functionality for Swiss Watch Malaysia & Singapore, ensuring performance, branding, and SEO compliance in WordPress
- Developed the entire Valiram Corporate Website in WordPress with custom plugins and theme components to support scalability.
- Manage Shopify enhancements, build features/apps & updates for Steve Madden, Valiram247 & Godiva.
- Collaborate with the QA teams to reduce production bugs.
- Contribute to back-end development for event-based web applications, including campaign registration systems and operational tooling
- Developed sanity test automation and checkout flow automation for multiple Shopify Malaysia storefronts, including GODIVA, Molton Brown, Steve Madden, and Valiram 247, helping validate critical eCommerce journeys and reduce manual QA effort.

● CRAVE ASIA

Web Developer

June 2022 - Jan 2024

- Managed retainer development for DIOR Malaysia & Singapore (Shopify), including new pages, campaigns, and CRO fixes
